**PART 2 – CONSTRUCTION, DEMOLITION & RENOVATION WASTE INFORMATION**

Volume or Tonnage of Construction and Demolition Material: \_\_\_\_\_ Units \_\_\_\_\_.

Is the Material in this load potentially Asbestos containing?     YES     NO    If answered YES:

You may be asked to verify the declaration through proof of a Hazardous Waste Assessment document or documentation verifying the age of the building. A demolition or renovation on a building older than 1990 should have a Hazardous Waste Assessment conducted to verify that the materials being disposed as free of asbestos. Any loads, declared as NOT CONTAINING ASBESTOS, brought for disposal to an RDCK Landfill or Transfer Station, but for which a Site Attendant or Operator suspects as containing Asbestos, will be turned away.

If you require more information on to how to determine whether your load might contain Asbestos, please contact RDCK Staff at 250.352.8161, or visit: [www.rdck.ca/asbestos](http://www.rdck.ca/asbestos)

A PRE-BOOKING IS REQUIRED prior to disposing of any loads of potentially Asbestos Containing Material. To book an appointment please visit [rdck.ca/asbestos](http://rdck.ca/asbestos) or call 250.352.8161.

LANDFILLS ONLY: Pre-booked disposals of Asbestos Containing Materials can only be brought to an RDCK Landfill as directed by Staff. Asbestos Containing Materials are NOT ACCEPTED at transfer stations.

Asbestos Containing Materials approved for disposal must be:

- Double bagged in 6 ml poly bags
- All loads of FRIABLE asbestos must be accompanied by a Ministry of Environment (MoE) manifest, unless an exemption applies.

Source Site Owner or Prime Contractor

The above information accurately reflects the volume and quality of the non-Asbestos containing Construction and Demolition Material to be disposed of from the Site indicated in Part 1.

I know of no regulation, bylaw or other legal restriction which might prohibit the disposal of the Construction and Demolition Material, as described in Part 2, to the indicated receiving site; and further, I will ensure that all permits, manifests and other regulatory and safety requirements that may apply are met and assure this material is not Asbestos containing. I understand that the RDCK may reject the Construction and Demolition Material, for any reason at its discretion.
