Date: May 16, 2023

Time: 16:00

The Regional District of Central Kootenay has been advised that the risk of snowmelt triggered debris flow for Talbott Creek and the Unnamed Creek East of Talbott Creek is now lower for this spring season due to the reduction of the snow pack. Based on recommendations by a Qualified Professional, the Evacuation Order, pursuant to Section 12 (1) of the BC *Emergency Program Act* issued at 14:45 on May 3, 2023 to the Little Slokan South Road has been RESCINDED for the remaining property.

An Evacuation Order may need to be reissued; however, if that is deemed necessary, the Evacuation Order process will re-commence.
