

NEW CHILD CARE FACILITY

The Regional District of Central Kootenay (RDCK) and Castlegar and District Recreation Department in partnership with Kootenay Family Place will house a new child care facility on the Castlegar and District Community Complex grounds with the intention of opening a morning preschool program and an afternoon school age program in September of 2021.

The project is funded by the Province's Childcare BC New Spaces Fund through the Ministry of Children and Family Development. The RDCK was awarded up to \$2,000,000 to build the facility.
