For Immediate Release

Boil Water Notice rescinded for Edgewood Water System

Nelson, BC: The Regional District Central Kootenay (RDCK) is pleased to announce that effective immediately, the Boil Water Notice issued for Edgewood Water System has been rescinded.

On May 30, 2018, the RDCK issued a Boil Water Notice due to seasonal turbidity. Ongoing routine testing indicate that turbidity levels are now acceptable.

A major capital project is underway to address the ongoing seasonal turbidity issue. Two new wells were drilled in fall 2017, and infrastructure projects are currently in progress, including: a pump station, water transmission line and a new reservoir.

The RDCK appreciates Edgewood water users' cooperation and patience during the notice. For more information on your water system, please visit our website at www.rdck.ca/water.
