13	I feel it is good now.	7/27/2016 11:19 AM
14	everything should be protected	7/22/2016 3:03 PM

Q43 The Regional District currently requires that construction be located a distance from lakes, rivers and creeks for the purposes of floodplain management. In some areas of the RDCK there are regulations for riparian assessments if construction is less than 30 meters from a creek, river or lake. Should Electoral Area I be subject to similar requirements to protect water quality and habitat?

Q59 Additional Comments

Answered: 4 Skipped: 28

#	Responses	Date
1	Good luck on getting some coherent and useful results from your survey! There are a number of questions that I found confusing ie. were not clear (noted by a ?) Please focus on implementing some of the item in the survey and not harassing small water systems which function reasonable well.	8/24/2016 2:01 PM
2	The Regional District needs to do more to maintain unsightly junk vehicles, trash, unsightly properties, need to be looked at regularly. These properties are a hazard as well as reflect poorly on the community.	8/24/2016 1:05 PM
3	This survey had terms not well explained. Confusing? Policy changes should not be done based only on such a survey as the true feeling of the individual is hard to understand from such broad questions. This is a good start but a second one should be done after the list is condensed. Or town Hall meetings should be held. There needs to be a way to set true feelings of all residents not just the loud ones.	8/24/2016 10:59 AM
4	should carefully consider applications for subdivision. This could change the rural setting risking other development. Energy efficient upgrades or new builds are not an affordable option. Government grants and reduction of cost are needed. Community gardens are needed. Food banks should be provided area as well. Programs for compost/worm compost/rain barrels/ low flush toilets/Radon reduction for business//commercial buildings. Noise bylaws for commercial business near residential homes ie Lumber yard. Desperate need of high speed internet in Tarry's/Thrums for private and business . Unavailable for years and not in future plans for Telus or Shaw.	7/28/2016 12:32 PM
