PLEASE READ CAREFULLY!**

By participating in Regional District of Central Kootenay (RDCK) programs and/or visiting RDCK facilities, I will be at risk of contracting Covid-19, in spite of any precautions taken by me or by facility/program staff.

To help mitigate these risks we have developed our COVID-19 Safety Plan and procedures available here on the [RDCK website](#).

Covid-19 is a highly infectious disease with a latent period of transmissibility during which time apparently healthy people can be infectious.

Covid-19 is a potentially fatal disease affecting people of all ages.

Covid-19 can be significantly more dangerous in people of already compromised health, and it is my responsibility – not that of program or facility staff – to understand my current health and limitations and to take appropriate additional precautions as required.

I understand that if infected, I could be at risk of transmitting the disease to other family members, including those with high risk, pre-existing conditions, and that this might occur before my own sickness has become evident.
