

REGIONAL DISTRICT OF CENTRAL KOOTENAY

Emergency Water Restrictions

Effective: September 8, 2020

Emergency Water Restrictions Issued for the Riondel Water System

The Regional District of Central Kootenay (RDCK) is issuing Emergency Water Restrictions for users on **the Riondel Water System** beginning:

September 8th, 2020

The restrictions are being issued due to low reservoir levels resulting from an extended power outage. Users are asked to limit water use to essential needs only (i.e. drinking water, food preparation, no irrigation, minimal laundry/sanitary). **Once reservoir levels have recovered, users will be notified to resume regular water use under the current Stage Two restrictions.**

We apologize for any inconvenience this might cause, and appreciate your cooperation and patience during this time. For more information contact the RDCK (250) 352-8192 or 1-800-268-7325 ext. 8192.

Sign up for our FREE notifications service to receive important information on your water system via text, email, or phone call by visiting rdck.ca/water and clicking on the link provided, or installing the Mobile App – **Voyent Alert!** – from the App Store or Google Play. For assistance in signing up, please call 1-833-223-2662.
