## Boil Water Notice **RESCINDED**

Effective: September 11, 2020

### **Boil Water Notice RESCINDED** **for the Lister Water System**

---

The Regional District of Central Kootenay is pleased to announce that effective immediately the Boil Water Notice issued for users on the Lister Water System has been rescinded.

On Tuesday, September 8, 2020 the Regional District of Central Kootenay (RDCK) issued a **Boil Water Notice** due to depleted reservoir levels from an extended power outage. This resulted in depressurization of the water mains that created a potential for the backflow of contaminants to enter the water system. The reservoir levels are at normal levels and water quality test results indicate that the water quality is good.

The RDCK appreciates Lister water users' cooperation and patience during this time and apologizes for the inconvenience experienced.
